

## 'Father' of Daily Editors

—photo by Zimmerman

**THE NEW AND THE OLD**—Ray Hasse (left), fall quarter Spartan Daily editor, will have his hands full for quite some time to come (as is shown by the diaper on the line signifying the seven pound, 12 ounce baby girl born to the Hasses yesterday). With his attention on the family side, Hasse will turn over winter quarter's Daily post to Monte Dayton (right), newly appointed editor. The Spartan Daily, under Hasse's regime, will publish twice during finals week. One issue Monday and the final publication next Wednesday, Dec. 19, to complete the fall quarter.

## United Press Roundup

### Down 13 MIGs in North Korea; Truman Promises Crackdown

**Eighth Army Headquarters, Korea.**—Outnumbered American Sabrejet fighter planes destroyed 13 Russian-made MIG-15 jets yesterday and damaged three more in a series of blazing aerial battles over North Korea.

One American plane was lost, but not due to enemy action. It had a "flameout"—the fire in its jet engine went out, cutting off all power and forcing the plane down.

One United States Air Force pilot—Maj. George A. Davis Jr., of Lubbock, Tex., destroyed four of the MIGs to become the ace of aces of Korean jet warfare. His total of downed Red MIGs is now nine.

#### Truman to Clamp Down

**Washington.**—President Truman, in a grave mood, said yesterday he will take direct action—perhaps this week—to stamp out corruption in government by curbing the outside activities of Federal employees.

Promising to move quickly in his clean-up drive, Mr. Truman told his news conference:

"Wrongdoers have no house with me, no matter who they are or how big they are."

#### Reds Break (Another) Promise

**Panmunjom, Korea.**—The Communists stubbornly refused yesterday to tell how many United Nations war prisoners they hold, and backed down on a 1950 promise to abide by the Geneva convention in their treatment of the captives.

The U.N. retaliated by refusing even to consider a Communist five-point prisoner exchange program, because they feared any mass release of Allied prisoners under present circumstances might lead to a "death march in reverse."

**Stanfordite Defends Acheson**  
Riverside, Calif.—Dr. Graham H.

## Coop Applications

New applications for student part-time work in the Coop next quarter now are being taken. Mrs. Margaret Ramonda, Coop manager, announced yesterday. Students contemplating such work should contact Mrs. Ramonda before the end of this quarter.

Stuart of Stanford university, yesterday defended Secretary of State Dean Acheson against a "destructive campaign based partly on false accusations and partly on false conceptions of the department's role."

"It is high time that the public realizes that we have a great Secretary of State in Dean Acheson," Dr. Stuart, general director of the Institute of World Affairs, told a closing session of the Institute here.

#### Anderson Announces Retirement

**San Jose, Calif.**—Congressman Jack Z. Anderson yesterday announced his retirement from public service upon completion of his present term as representative of the Eighth Congressional district.

**Cairo, Egypt.**—The government announced tonight that it intended to recall the Egyptian ambassador to London as a protest against British action in the Suez Canal zone dispute.

## Travelaires Help With Blood Drive

Travelaires, college barbershop quartette, were featured yesterday in a show in Phoenix, Ariz., on behalf of a blood donation campaign sponsored by the Red Cross in that area.

Terry Bowman, lead; Ozzie Palos, tenor; Bob Hokanson, bass, and Del Green, baritone, took part in a program which is under the auspices of the Society for Preservation and Encouragement of Barbershop Quartet Singing in America.

## Pre-Registration Will Close Today

Dr. Charles W. Telford, head of the Psychology department, announced that today is the deadline for pre-registration for the following practicum courses: Psychology 117B, 165B and C, and 201 and 243.

Pre-registration blanks may be obtained at the Psychology department office at 192 S. Seventh street.

## President Sends Card Fee Election Results to Capital

### Blue Key Will Publish Annual Campus Directory Next Week

The long-awaited Blue Key directory, containing the names, phone numbers and addresses of all students and faculty at San Jose State college will be on sale Wednesday and Thursday of finals

week, Bob Custer, Blue Key duke, announced yesterday.

The publication of the directory, an annual project of Blue Key, national honor fraternity, will climax several weeks of after-hours work by members of the organization. Names of students were compiled from cards filed with the registrar upon registration for fall quarter.

The directory will be on sale in booths conveniently located about the campus, Custer said. Price has been set at 35 cents per copy.

Those copies that remain unsold after next week's sale may be purchased during registration as long as the supply lasts, Custer said.

## IIR Program Holds Labor Talks on KEEN

Two panel discussions will be featured on the "People and Problems" radio show, which will be broadcast over station KEEN Sunday, 10:30 to 11 a.m., and Tuesday, 11:30 a.m. to noon, according to Mr. H. Paul Ecker, director of the program.

Members of the labor relations class at the adult center will participate in the discussions, which will be moderated by their instructor, Dr. Edward P. Shaw, who also is director of the Institute of Industrial Relations.

The objectives of adult education in the field of industrial relations will be the topic of the first panel, Dr. Shaw said. The practical application of the material presented in class to the industrial field will be the topic of the second panel.

Dr. Shaw pointed out that the class in labor relations is unique as both supervisory personnel and trade union members attend the class.

The radio show is sponsored by the IIR, under the direction of Dr. Shaw and Mr. Ecker.

## Newmans to Hold Dance Saturday

Second in a series of Saturday night dances, sponsored by the Newman club, will be held from 8 p.m. to 1 a.m. tomorrow at Newman hall, S. Fifth street, according to Tony Meduri, president.

Admission will be 25 cents for Spartans not holding Newman membership cards.

"Dress in casual attire and come enjoy the latest song hits, recorded by top bands," said Meduri.

## Examination Schedule

### Monday, Dec. 17

7:30-9:10

President T. W. MacQuarrie yesterday sent a letter to the State Director of Education in Sacramento certifying that on Nov. 30 the students of the college overwhelmingly voted 1638 to 447 in favor of a Universal Associated Student Body card.

The amount of the fee already has been approved, Dr. MacQuarrie stated. He said that the students will be required to pay \$5 per quarter for the student body card.

The State Director of Education has not yet stipulated when the fee will go into effect, he added. He said that he believes the fee will be collected by the college at the time of registration for the winter quarter session from each regular student who does not now have an ASB card.

Dr. MacQuarrie said that a statement of purpose had previously been sent to the State Director of Education.

E. S. Thompson, college business manager, has revealed that if the fee goes into effect next quarter, an additional \$15,000 will be collected during the 1951-52 school year and added to the student body fund.

## Students Take Classification Tests at SJS

The fifth Selective Service Classification test on campus was taken in Room A1 yesterday by 32 students, according to Dr. Harrison F. Heath, co-ordinator of technical curricula.

Students were allotted three hours, 9 a.m. to 12 noon, to complete 150 items which "became increasingly more difficult to answer," Dr. Heath indicated.

Only 42 out of an expected 45 students took the test. "Many students eligible to participate probably decided to wait until April which will be the last testing date before summer," he said.

The IBM scored answer sheets were mailed to the Educational Testing service at Princeton college to be corrected.

Dr. Heath said that the results would be mailed to the students' draft boards. The college will not have access to the scores.

## Graduate Students, Vets Will Pay Fee

Non-ASB card holders, including graduate students who register for six or more units, must pay a student body fee at registration, Glen Guttormsen, college accounting officer, said recently.

Veterans attending college under the provisions of Public Law 346 also must purchase ASB cards although Veterans Administration has not agreed to pay this fee, he said.

## Students Report

The following students are requested to report to the Graduate Manager's office immediately: Mary Braunstein, Charles Wells Jr., Joseph Roberts, Barbara Methersall, Patricia Nacey, Jean Fitzgerald and Robert Azevedo.

## To Talk Sunday on Lowering Legal Liquor Purchasing Age

Lowering the legal age for purchasing liquor to 18 years, is the question to be discussed on Sunday's University Platform of the Aie. Wilbur F. Lauck, director of forensics, said yesterday.

Kay Sproul, senior English major and president of Chi Omega sorority, will represent the college on the 10:30 a.m. broadcast over station KCBS.

Also participating will be Santa

Clara university, University of San Francisco, and St. Mary's college. Michael Griffin, professor at the City College of San Francisco, will be the moderator.

Sunday's program is one of a series of panels on the National Intercollegiate Discussion question for 1951-52, "How can we, as a nation, improve our moral and ethical conduct?"

## Hiway Deaths Will Continue Despite 'Care'

### Safety Slogans Usually Ignored

By BOB JONES

Sometime within the next few days, we will be bored to death by a warning to automobile drivers to be careful during the holidays. A stuffy radio announcer will quote the California State Highway patrol as asking motorists to start early on their trips to avoid the rush.

Automobile clubs will publish road conditions and advise that certain precautionary measures should be taken. A newspaper will print an article on the expected traffic deaths, based upon figures supplied by that pesky National Safety Council.

And we college students, because we expect to graduate as the one bright hope for our generation, because our trained minds will make us the leaders of tomorrow, will dutifully listen to every word. Then we'll hop into our mobile coffins and head for Bayshore highway to do everything in our power to better last year's record.

Despite all the statistics, the clever phrases and the miles of colorful language employed to capture our imagination, we see through the propaganda. We realize that their actual motives are to save our lives. If they want to fool us they'll have to employ some new method, because we're on to 'em now.

Those signs along the highway that declare that section of roadway to be a 45 or 55 mph

3-9770. Ask for Tom between 5-7 p.m.

Wanted: Riders. Leaving for Seattle, Wash., Thursday, Dec. 20. Phone CY. 4-8627, or Yorkshire 7-3544, Larry Olsen.

Wanted: Riders. Will leave for Fort Smith, Ark., via Hwy. 66 on Dec. 20. Can take two riders. Share expenses. Phone CY. 5-9685. Ask for Tom Barreto.

Wanted: Term papers to be typed. Call Hazel. Fast, accurate. Student rates. CY. 4-4089.

### FOR RENT

For Rent: Clean rooms, central heat and shower. Double or single rooms, \$18.50 up. 52 S. Tenth street. Large enough for a group of six. CY 2-1506.

For Rent: Nice three-room Apt. for rent. Suitable for three students. Reasonable. CY 3-4348. 545 S. Ninth street.

Rooms for Rent: Vacancy for two boys. \$18.50. Kitchen privileges, parking space, reasonable. Also one private room. Quiet and clean. Apply only at 421 S. 11th street.

For Rent: Two bedrooms, private bath, kitchen, breakfast nook. Everything furnished. Three boys, \$22.50 per month each. 470 S. Tenth street. CY. 3-9780.

For Rent: Apartment, furnished, one block from college. 4-6 girls preferred who wish quiet place. Inquire 160 S. Ninth street, rear.

For Rent: Two blocks from college, 3-room furnished apt. Suitable for two men or a married couple. \$70 a month, utilities included. 491 S. Seventh street.

Available: Room and board for two girls. Near college. Good meals, pleasant surroundings. 448 N. Second street.

For Rent: Rooms for men. Reasonable, warm, comfortable. Board optional. 406 S. Eleventh street.

For Rent: Furnished apts. opposite college. Suitable for men or women. CY. 3-0145. Will lease as whole unit.

### LOST

Lost: Brown purse in Women's gym Monday morning. Contains valuables. If found please return to information office.

speed limit zone are actually placed there for other motorists. If this were not true, why is it our speedometers are constructed to record speeds far in excess of the speed limit?

Of course, we have travelled up Bayshore highway or across the San Francisco-Oakland Bay bridge and have seen automobile accidents. We even have slowed our speed down long enough to see a young husband, his leg twisted in a sickening manner, pleading to his wife to speak to him, while it was obvious she would speak no more. On such occasions we were fooled to the extent of keeping our speed down for the next several moments, but we soon recovered and resumed our normal, consistent speed of 70 and 80 mph.

Christmas time we're going to

be in a hurry to get home. We have heard of the fabled Christmas goose, the only trouble is that we may be driving the pot to cook our own goose in.

# Stone's Photo Courses Lure One Out of Six

By ORDEN ICHINAGA

"One out of six San Jose State college students takes a course in photography before he graduates," he stated. "These are art, associate professor of photography, in a recent interview. The professor has taught the course here for 16 years.

"Photography is a required subject for students majoring in four fields," he stated. "These are art, industrial arts, journalism and police. At present there are 933 persons included in those groups.

"In addition, photography may be taken as an elective in substitution for a laboratory science by all other students," he remarked.

Mr. Stone estimates that 360 students click their way through the course every year; an average of 120 per quarter. The photography program is handled by Mr. Stone, one full-time assistant and

## SAE Disbands 'Kennel Club'; Canines Happy

By popular demand the Sigma Alpha Epsilon Kennel club was disbanded, reports Jack Osborne. Following the elimination of the cat, only two canine brothers claimed membership in the fraternity.

"Dudley," a fox terrier mixture, who had been the SAE mascot for several years, was one of the first members of the kennel club. He is owned by Jack Passe.

Within a week the "SAE dog-lover society" had added two Doberman pincers, one Irish setter and a kitten to the kennel, said Osborne. The Dobermans belonged to Al Weimers and Floyd Marshall. The Irish setter was Don McRae's contribution. Complications arose when the dogs refused to treat each other like brothers.

The kitten, "Minerva," may have been Jack Osborne's pride and joy, but she was not loved by the canine group. Jack said that when he returned from a week-end at Denver the feline was missing, and one Doberman had gained two pounds.

## Interesting Bits Of Garble from Teletype Machine

By BORIS STANKEVICH

In their own inimitable style wire services use teletypes, not only as a means of sending stories, but as a method of communication between bureaus. Here are a few examples from the Spartan Daily U.P. teletype:

"EL CENTRO MINNEAPOLIS CASH FLAS 457-1/2." Cold cash or just plain cash?

"WATSONVILLE: BELIEVE YOU WELL PROTECTED NOW ON ALL MAJOR STORES." Good deal.

"ASKD PLS CHEK CBS-TV HC. ASK IF ED MURROW'S NEW SHOW WENT ON AS SKEDDED YESTERDAY AT 12:30. FYI LCLS BUD UPBUILD FOR SHOW NO ONE HERE ABOUTS COULD "GOODNIGHT" ALL SX11-9 C-3P." What, only one kiss?

## Skiing Ensembles Will Feature New Fads This Season

Colorful fashionably attired skiers will inhabit winter resorts throughout the mountain areas this season. Their ski ensembles will vary from the plain to the extreme.

Tailored gabardine ski slacks, in basic colors of navy, black and grey will be in style. Keeping dry is essential when skiing, so slacks should be of a water resistant material, or sprayed with a water proofing solution. Imported ski pants are favorites of many lady skiers this year.

Nylon parkas, with or without hoods, are available to the fashion conscious ski fan. Parkas can be purchased in bright or subtle shades and can be matched or contrasted with other items in the wardrobe. These jackets are unfitted and long enough to be tucked in.

Friday, Dec. 14, 1951

SPARTAN DAILY 3

## Three 'High Flying Squirrels' Used in Making Experiment

Birds and airplanes fly. So do saucers and flaming fireballs. But —squirrels!

It's a fact, says Dr. Ralph A. Smith, associate professor of zoology. Dr. Smith received three southern "flying squirrels" recently from a breeder in Virginia.

Dr. Smith obtained the squirrels for experimental purposes. By study and analysis he hopes to determine their exact pregnancy period—a feat which no one has been able to accomplish as yet.

Actually, the squirrels voloplane (glide) rather than fly, said the professor. They scamper up to the top of one tree, extend their flying membranes and sail to the next tree. The average flight distance is 20 to 30 feet, but a flight of 86 feet across a stream has been recorded.

Because they cannot swim, they must be particularly careful in judging the width of streams.

The size of the squirrels' bodies is a little over five inches and their tails are four inches long. Most of the time they are vegetarians. In captivity their diet of nuts, fruit and grains is supplemented with orange juice and vitamins.

Because of their close resemblance to rodents, Linnaeus, the Swedish naturalist (1707-78) originally named one of their species

"Glaucomys v volans" (flying gray mouse). Though he might have labored under a slight scientific misapprehension, at least it proves that these squirrels have been aerially active for 200 years.

### Pledges Slate Annual Dance

Sigma Pi's annual pledge dance will be held tonight at Shangra-la near Los Altos, according to Dave Doerr, publicity chairman.

A shipwreck theme will predominate the dance, which will be open to actives, pledges and their dates.

Bill Tunnell, pledge social chairman, is in charge of arrangements for the function.

Pledge officers for the quarter are Robert Baker, president; Rusty Duval, vice president, and Ron Cantoni, secretary.

(Advertisement)

### MANY TEXTBOOK CHANGES LOOMING FOR WINTER TERM

"For highest prices for your texts, in the fact of proposed multiple textbook changes for the Winter Quarter, sell them to us now, not next Winter," the manager of California Book Company announced today.

He explained that values of discontinued texts are governed by the frequency with which they appear on "want lists" from all the other bookstores of the nation, their greatest possible frequency being now when stores are preparing for Winter.

"Being national textbook jobbers," he said, "we watch the lists carefully and our buying prices fluctuate sharply as titles disappear and others take their place. Other colleges change their texts, too, you know."

A case in point is that of an English composition text which was worth ninety cents last Spring, thirty cents in the Summer and only fifteen cents today.

"Naturally," he concluded, "we like to give our students all the breaks we can and accordingly pay the highest prices books warrant at all times; higher prices than some visiting off-campus buyer will offer."

### DUs Launch Song Contest; Promise \$1000 Total Prizes

Delta Upsilon's national song contest now is under way, reports George Coakley, fraternity publicity chairman.

Cash awards amounting to \$1000 are being offered to the winners of the contest. Final date for submission of entries is Feb. 1, 1952.

The contest is open to everyone; to enter a person does not have to be a member of the fraternity, Coakley said.

A \$400 prize will be awarded for the best lyrics and music in any one of the following categories: sweetheart song, marching song, occasional song (for social and informal singing), loyalty song. The second, third and fourth prizes of \$300, \$100 and \$100, will be awarded for the next best songs as decided upon by the judges.

All prize-winning songs plus several runners-up will be printed in the Delta Upsilon songbook. Songs should be adapted as nearly as possible for singing by groups of male voices.

Lyrics must be original and signed by the contestant, while the music does not have to be original.

Entries will be accepted at the local Delta Upsilon chapter house at 155 S. Eleventh street.

### Public Relations

Pearce Davies, a former managing editor of the San Jose Mercury, will instruct a course in public relations at the college next quarter. Dr. Dwight Bentel, Journalism head, announced yesterday.

Mr. Davies, who has had broad experience in the public relations field and is a former executive of the Associated Press, will teach Public Relations 190B, he added. The course will be offered on Tuesdays and Thursdays in B24 at 9:30 a.m. with two units being given.

Dr. Bentel added that the new member of the journalism staff will have a number of prominent people in the public relations field and members of the state department speak to the class during the quarter.

## Fraternity Footnotes

By JOANNE PRATT

### Rain Makers

Rain makers have nothing on the Lambda Chi and Sigma Kappa who constructed a little volcano in the back of their rooting section during the Novice tourney. CO2 was used to make big smoke come out of little Etna. Smoke went to the ceiling, condensed and came back down in drops, creating a miniature rain storm, which added a touch of realism to the organizations' Hawaiian theme.

### Christmas Exchange

Members of Kappa Tau fraternity held an exchange with the girls from the Knowlton house Monday evening. Christmas being the theme, everyone joined in to sing a few carols. The gals served homemade apple pie and coffee to their male guests.

### Dead Week?

Dead week and Christmas come only once a year, so the Greek groups have an opportunity to spread the Christmas cheer with a little caroling. Delta Upsilon and Kappa Kappa Gamma held a caroling party Monday evening. Chi Omega and Alpha Phi sisters combined voices Tuesday and serenaded other sororities and fraternities with songs appropriate to the season. DSGs and KATs, not wanting to be left out of the fun, caroled around "Greek Row" Wednesday night.

### Rehearsing

The Dixie Half-Dozen, Sigma Nu Jazz band, rehearsed at the Alpha Omicron Pi house recently. Joining in the jam session were members of Sigma Pi, A O Pi's partners in the Novice tournament.

### Strictly Stag

Alpha Phi Omega pledges will give a stag party tonight in honor of their active brothers. A Christmas theme will dictate the function. Don Binder, pledge master, is in charge of arrangements.

### Winter Swim

During intermission of the Novice, SAEs Rich Thompson, Quenton Smith and Dick Valandingham were whisked away by the pledges for a weekend vacation at Russian river. It also was reported that accommodations at the chapter house were slightly insufficient the past week.

### Unscheduled Bout

A hula dancer from some South Sea island sorority stepped into the ring Friday night during the Novice to entertain the audience. She didn't receive a trophy for her performance, however.

### Orphans

The bell rang at the Sigma Kappa house, and when the door was

opened there stood two ducks and a bag of feed. Marilyn and Barbara, the ducks, couldn't find lodging at the sorority house, so they were driven away. But perhaps they will find a home on someone's table Christmas day.

### Pinups

Ade Brockman of Alpha Omicron Pi sorority recently accepted Bob Bradley's Sigma Nu fraternity pin. Bill Weber's Kappa Alpha pin is worn by Marilyn Collins. She is a member of Alpha Gamma art society. Dave Hill, Delta Sigma Phi treasurer, gave his pin to Gamma Phi Beta Dorothy Edinger, and Joyce Yester is sporting Ed Tucker's Theta Chi pin. Ed is doing graduate work at

Stanford. He was also a member of Phi Epsilon Kappa. P.E. fraternity.

# Coeds Compete for Dream Girl Title

Friday, Dec. 14, 1951

SPARTAN DAILY 5

—photos by Zimmerman & Butera

ONE OF THESE 13 finalists in the Theta Chi fraternity beauty contest will be crowned "Dream Girl" at a formal dance to be held Feb. 2. Pictured above are (top row, right to left) Jackie Avery, Chi Omega; Dolores Bearden, independent; Janice Breckmann, independent; Lenny Christ, Sigma Kappa; Marty Darrow, Kappa Kappa Gamma; and Sally Ervin, Alpha Chi Omega. Second row, right to left, are Barbara Hackett, independent; Alice Hayes, Delta Zeta; Eleanor

Johnson, Kappa Alpha Theta; Bebe Liesegang, Gamma Phi Beta; Barbara Soldevini, Delta Gamma; and Jean Welke, Alpha Omicron Pi. Not pictured is Jody Bartlett, Alpha Phi, who recently entered the contest. The girls will be honored at a formal dinner-dance to be held tonight at Shadowbrook lodge. Ron Ruiz, fraternity social chairman, is in charge of the "Dream Girl" contest.

## Bridal Showers Fete Coeds

Three-fifty-two S. Seventh street was the scene last weekend of two bridal showers feting brides-elect Dorothy Buoy and Betsy Clark.

Betsy invited former housemates to the apartment Friday evening to honor Dorothy and on Saturday the latter did an aboutface and was hostess at a similar event for Betsy. Both showers came as surprises to the honorees.

Included on the guest list at each affair were Misses Grace

Merrill, Jean Friedman, Chris Nyegard, Pat Thornburgh, Gayle Schajeck, Denny Patrick, Marilyn Willems, Elsie Burfeind; Mrs. Lloyd Yarborough; and Mr. and Mrs. Alfred Heindel.

A senior secretarial major, Dorothy is the daughter of Mr. and Mrs. Peter J. Buoy of Riverside. The bridegroom-elect, Airman Hal Smith, is the son of Mrs. Nola Smith of Greensboro, N. C. He now is stationed at Moffett field.

## DSGs to Attend Founder's Dinner

Brookdale lodge in the Santa Cruz mountains will be the site of Delta Sigma Gamma's annual Founders' Day dinner-dance tomorrow night, according to Chuck Casey, social chairman.

Alumni, members of the fraternity, and their dates will attend this ninth annual function. Guests also will include several Sigma Chis.

Orchid corsages and favors will be presented to the feminine guests by the fraternity.

## Alpha Omicron Pis Observe Founding

Alpha Omicron Pi sorority held its Founders' day celebration at the chapter house Monday evening, according to Marguerite Crawford, publicity manager.

Alumnae and active members participated in the formal ceremony, which was presided over by Dolores Pawloski, president. Congratulatory letters from the national officers and the three founders were read.

The Delta Sigma chapter of Alpha Omicron Pi was installed at SJS in 1948.

Mrs. Lee Dugan, alumnae adviser, was in charge of arrangements. Mrs. Eleanore Mann, faculty adviser, also attended the celebration.

A O Pis from San Jose State college held a get-together Dec. 1 with their University of California sisters.

**DORIS MOORE COLLAR**

**\$1.00**

Crisp cotton, white as snow in a smart little Peter Pan collar a gal can wear with blouses, sweaters, dresses. Broadcloth with rick-rack trim.

## Students Should Understand College Offerings, Says Benz

"If one is to have a satisfactory college experience, he needs to understand the offerings of the college as they relate to him personally."

Dean of Men Stanley C. Benz made this statement yesterday morning in the Morris Dailey auditorium while addressing the freshman orientation group on the theme of "Getting the Most Out of College."

Dean Benz stated that if we are to have a responsible adult citizenry, it is essential that each person develop to the maximum of his abilities since a democratic society depends upon the integrity, ingenuity and capacities of individuals.

He said, "Because students have been in college, things are expected of them which are not expected of those who are not college trained."

With these opportunities go challenging responsibilities, Dean Benz added.

"College is a wonderful place in which to develop one's skills, broaden his interests and practice his responsibility," he stated.

Yesterday's session was the final meeting of the freshman orientation class this quarter.

Dean Benz said of the course that, "The purpose of this orientation course has been to inform students of the facilities, the academic and extracurricular opportunities, and the traditions and philosophy of San Jose State college."

## Students Still May Register For 'Y' Meet

Students interested in registering for the Pacific Southwest Student YM-YWCA Asilomar conference, Dec. 26 through Jan. 1, may still do so by paying a late fee of \$1, according to Leona Crouch, of the conference planning committee.

The conference—consisting of seminars, morning platforms, chapel, evening programs and recreation—will attract students from Arizona, Nevada, California and Hawaii. Approximately 500 Y members will attend the week-long session.

Any SJS student is eligible to attend by paying a registration fee of \$9.50, said Miss Crouch. She added that the sooner a student registers, the more likely he is to get his choice of seminars.

## Display Pregnancy-test Toad

A South African 'clawed toad' was loaned this week to the Zool. 115 class for study purposes, Dr. Ralph A. Smith, associate professor of Zoology, announced yesterday. The loan was made by Dr. Robert Dennis, pathologist at the Community Service hospital.

The amphibian is the first of its type received by the college Zoology department. It will be put on display on the second floor of the Natural Science building.

Importance of the toad lies in its use in the Xenopus test for pregnancy. The Xenopus test is made by the introduction of hormones secreted in pregnancy into the toad's body. If positive, hun-

dreds or even thousands of eggs will be extruded by the toad within 2 to 12 hours after injection. If negative, no eggs are extruded.

In addition, a low extrusion-count indicates abnormal pregnancy, which must be followed quickly by an operation as death may result.

The toad can be used again after a 30-day rest if the test was positive. If the test proved negative, the toad requires only a week's rest.

Cost of the toads is about \$8 apiece. Used in the Xenopus test, they have proven to be 98 to 99% accurate, according to Dr. Smith.

'You Are Invited To' . . .

When I feel bored and find nothing to stimulate my active imagination, I have a habit of reading the dictionary. The author of this magnificent volume has the broadest vocabulary it has ever been my pleasure to run across. My perusal of the dictionary has been rather superficial to date and I have not finished it—but I hear it has a terrific ending. Aside from this I think you will find my latest adventure in the realm of words worthy of your attention.

According to one definition in "Webster's New Collegiate Dictionary" a party is a "company or association of persons, as for social enjoyment; also, the entertainment or gathering itself; as to give a party." In the "E" section of the dictionary I find that enjoy means "To have satisfaction in experiencing, possessing, etc." Through a line of reasoning, deduced from these

two definitions, I have come to parties thrown hereabouts are just about as successful as Custer's Last Stand was from Custer's standpoint.

One must realize that parties can be divided into two classes. Namely: A party at which the members enjoy a certain activity, such as cards, dancing, spin-the-bottle, mumbly peg, etc. Then there is the party at which the members enjoy nothing except the conversation and general personalities of the other members. I believe you can easily see that the first type does not take a great deal of sophistication or knowledge. Even an 8-year-old can enjoy spin-the-bottle. On the other hand, the second type party takes a great deal of skill in order to be thoroughly enjoyed. It is this last type I would like to express my completely biased opinion on.

Moderation, I believe, is the key to success when it comes to purely talking parties. That is, moderation in drinking, talking and listening. Man long ago found that alcohol stimulates the tongue and if used properly can be conducive to productive conversation. Over indulgence produces the type of individual you often find under a table completely oblivious to the party in particular and the world in general. In this condition, he makes a very poor talker. Of course you might classify him as a listener but it is rather like talking to a corpse.

There is one type of individual which I dread but always find at a talking party. This person always manages to corner me and say something like this: "Come on, smile—have a good time, be gay—let yourself go!"

"Smile" means that I should immediately transform my naturally saturnine countenance into one reflecting hysterical glee. "Have a good time, be gay" means that I should spontaneously burst forth into a line of almost incomprehensible gibberish. "Let yourself go!" is a more subtle command and I can only answer by saying that I have been in love with myself for such a long time that a parting at this time would be tragic.

The next time someone tells me to smile, I think I will just say, "Sorry, I got all my teeth knocked out today and if I open my mouth I'll bleed to death."

## IR Clubs Will Convene Here Next Quarter

The Northern California and Nevada regional conference of Collegiate International Relations clubs will convene here Feb. 8 and 9, according to James T. Moore, president of the regional organization.

Approximately 200 students and faculty advisers from 26 western colleges and universities are expected to attend.

Stanford Weinberg is president of the International Relations club on the SJS campus. Dr. George Bruntz is the organization's adviser.

LT. COL. ELMER HUBERT STAFFELBACH recently was named sponsor of the Arnold Air society, national air force fraternity established on campus this quarter. Staffelbach, shown on the left, is pictured with Lt. Col. Howard Brown, assistant professor of Military Science and Tactics. The new air organization sponsor is a professor of education here.

## Staffelbach Becomes Sponsor Of College's Arnold Air Society

Lt. Col. Elmer Hubert Staffelbach, professor of education, recently was named sponsor of the Arnold Air society, professional air force fraternity established on campus this quarter.

Staffelbach will be the only sponsor of San Jose State college's air society, and will hold the honor along with such professional personalities as Eddie Rickenbacker and Hap Arnold.

A native of Pochantas, Ill., Staffelbach was graduated from Eastern Washington college of Education in 1920, and received a B.A. degree from Stanford university in 1924, an MA degree in 1925, and a Ph.D. degree in 1926.

Staffelbach has been a professor of education here since 1926, and was head of the department of teacher training from 1935 to 1948. Before coming to the Spartan campus, he was Administrator of Public Schools in Washington from 1912 to 1921, and an instructor at Cheney State Normal col-

lege from 1921 to 1923. Staffelbach also was director of research for the California Teachers' association from 1929 to 1946.

Lt. Col. Staffelbach was a member of the United States Air force from 1942 to 1945. He served in the European theater and the Southwest Pacific area during World War II. During this time, he helped promote the Air Sea Rescue program. Staffelbach now is the commanding officer of the No. 9367 volunteer Air Reserve squadron of San Jose.

He is affiliated with Phi Beta Kappa, Kappa Delta Phi, and American Academy of Political and Social service societies. He also is a member of the NEA, American Legion, Masonic Order, and B.P.O.E. organizations. The prominent college professor is listed in "Who's Who in America."

Staffelbach is a successful author of educational books and popular novels. Some of his well-known literary contributions are the "Stanford Speller," "School Administration," "New Frontier Social Science" series, and "Laurel Handwriting" series.

## Four Students Given Degrees

Degrees of Associate in Arts will be conferred upon four junior students Dec. 21, according to Dr. Harrison F. Heath, coordinator of technical curricula.

Students receiving A.A. degrees will be Richard D. Hamp, James S. Imokawa, Lillian Jean Truscott and Mario R. Vazquez. Dr. Heath said they may pick-up their diplomas in his office, Room 120, on Dec. 21. If the diplomas are not picked up on that date, they will be mailed to the students.

## Hold Yule Party

Ingrid Andersson, in the role of Santa Claus, distributed presents to more than 50 persons who attended the AWS Christmas party in the Student Union, Wednesday afternoon.

Program Chairman Barbara Queener led the singing of Christmas carols, and Alice Dougherty read her original poem, "The Littlest Christmas Tree," to the group.

Chris Flynn was in charge of decorations for the party. Decorations will remain in the Student Union until after Christmas.

Hot chocolate and cookies were served.

## Exhibit Prize Oil Portrait In Book Room

"Picture of the Month," an oil portrait of Margaret Nakamura painted by Hubert Hendry, now is on exhibit in the Reserve Book room. This is the first in a series to be presented by Delta Phi Delta, national honorary art fraternity.

Hendry will go to the Art Students' League in New York for a year, following his graduation in December. He will then study for his master's degree in some eastern university.

The art major has done portraits and murals for various persons in San Jose and intends to make painting his life's work. He may, however, turn to teaching in later years, he said.

Hendry's home-town is Fort

Myers, Fla. He spent three years in the U. S. Army, dividing his time between specialized training at Louisiana State college and active combat in Europe.

# Spartababes Meet Gater JV's, MPC This Weekend

With three victory scalps in their possession, Coach Bob Wuesthoff's San Jose State junior varsity eagles face the toughest ordeal of the young season when they meet the San Francisco State reserves and Monterey Peninsula college this weekend. The contests will be played in the Men's gym as preliminary games to Spartan varsity encounters.

The Spartababes tangle with the Golden Gater j.v. five at 6:30 tonight. Maurice Duncan, who was a member of the 1950-51 SJS freshmen quintet, may see action with the Gater squad. Duncan was enrolled at Sparta last year as a junior college student, but transferred to the San Francisco college during the summer. Spartababes Jim Vettel, Howie Rapp and Sal Burriesci were teammates of Duncan last season.

The Monterey game will be the preliminary to the SJS-Utah State fray Saturday night.

Wuesthoff is pleased with the progress and improvement shown by his squad.

"We have no stars, but we have a lot of fine ball players and a well-rounded squad," was the

points. He has 31 markers.

Brady leads in the field goal department with 15 two pointers. Centers Hjelm and Bill Kaffer have sunk five free throws apiece to lead in the category.

## SPARTABABES STATISTICS

Player	g	fg	rt	pts.	ave.
Hjelm	3	13	5	31	10.3
Burriesci	2	3	1	7	3.5
Hodgeson	3	9	1	19	6.3
Heffner	3	12	4	28	9.3
Brady	3	15	3	33	11.
Williams	3	7	4	18	6.
Stiles	3	5	0	10	3.3
Lee	2	1	1	3	1.5
Kaffer	3	6	5	17	5.7
Kuhn	2	2	0	4	2.
Hudson	2	0	2	2	1.
Rapp	2	1	1	3	1.5
Vettel	1	0	0	0	0.

**MASTERMINDING** Sparta's JV cagemen is Coach Bob Wuesthoff, former standout Spartan guard. Wuesthoff's boys have won three straight so far and meet S.F. State's JV's tonight and Monterey Peninsula college tomorrow night.

wording he used in describing the Spartababe quintet.

The young mentor illustrated the versatility of the quintet by pointing out that Bud Hjelm was the big cog in the victory over San Benito J.C., Larry Heffner carried the scoring punch against Vallejo J.C., and Dick Brady sparked the team in the Menlo J.C. tussle.

The 20 points scored by Brady in the Menlo game, put him ahead of Hjelm in the Spartababes scoring department. The 6' 3" forward from Madera has hit the nets for 33 markers, giving him an average of 11 points a game. Hjelm, the lanky former Sequoia high school postman, trails Brady by two

**POISED FOR A SET SHOT** is Carroll Williams, 5'10" watch-charm guard of the SJS j.v. cage squad. Williams, who plays a fine all-around floor game and is a topflight defensive man, is a freshman. He was named to the All-Peninsula Athletic league mythical five last season, when he played for the Lincoln (San Jose) high school team.

## Waxham Wrestles National Champ At Sequoia Gym

Frank Waxham, three time PCI mat king, will meet Dr. M. A. Northrup, a three time winner of the National AAU title, in an exhibition wrestling match tomorrow night at Sequoia Union high school in Redwood City.

The pair have met four times previously with the former national champion winning on each occasion from the Spartan grappler.

The 157-pound Waxham is winding up a brilliant four year wrestling career at San Jose State which has seen him cop every collegiate title short of national honors.

SPARTAN DAILY 9

## SJS Wrestlers Host AAU Tournament Tomorrow

San Jose State college will play host to the Pacific Association AAU Novice Wrestling tournament tomorrow in the Men's gym. The all-day event will commence with the weigh-in at 9 a.m., and the first wrestling match at 10 a.m.

This is the third straight year a San Jose has held the PA tourney, which the Spartans have won for the past three years.

Ten collegiate and independent squads have entered the meet. The list includes: California, Stanford, San Francisco State, Santa Clara, California Aggies, SF Olympic club, Alameda NAS, Treasure Island Navy, Oakland YMCA, and Berkeley YMCA.

Entries from 25 wrestlers have been received to date, according to Ted Mumby, director of the PA event. More are expected before the tourney officially opens tomorrow morning.

The defending Spartans will enter 11 wrestlers in six different weight divisions. Additional entries are expected, but so far the lineup

includes Ko Tayota and Bob Billings, 115 lb.; Joe Ross, 123 lb.; Lyle Guipre and Don Camp, 130 lb.; Paff Paffenberger and Brook Vincent, 157 lb.; Ron Bryon, 167 lb.; Hal Bristow, John Bergen, and Bob Roebuck, heavyweight.

## Raiders Play SFS Gaters Tonight, Utes Tomorrow

By BILL WELDY

Hoping to extend their winning streak to five games, Walt McPherson's Spartan cagers will tangle with two potentially high scoring casaba crews this week-end.

San Francisco State and Utah State will offer the opposition. The Spartans meet the Gaters tonight and the Aggies tomorrow night.

Both games will start at 8:15 o'clock and will be preceded by preliminary contests.

The McPherson men will face their toughest defensive challenge of the season tonight, when they attempt to "bottle up" Kevin Duggan, who is the greatest scoring threat ever to wear a Gater uniform. Coach Dan Farmer's crew has been idle since Dec. 6 when they whipped Arizona State 76-52. In this tussle, Duggan racked up 41 markers.

During this week's practice drills, McPherson has emphasized defensive play. Centers George Clark and Don Edwards have worked hard in an effort to halt Duggan's scoring efforts. Stan Wacholz, a late-comer to the basketball squad, due to his commitments with Bob Bronzan's gridiron crew, may see action at the post position. Wacholz had a fine season in the 1949-50 season when he starred on the SJS frosh team. He saw limited action last season as he understudied Clark and Billy Wilson at the pivot post.

McPherson plans to start his regular five against the Gaters and Aggies. Lanky Lee Jensen and Husky Duane Baptiste, each of whom boasts a better than 10 point average a game, will open at the forward positions. George Clark, who seems destined for an excel-

JACK ALVINA will see a lot of action at guard for Walt McPherson's Spartan cagers this week-end. The 5'10", 150-lb. senior is considered the most improved player on the squad. During the first three games of this season he has played more than he did during the entire 1950-51 campaign. Before entering San Jose State, Alvina attended Modesto junior college. His home town is Madera.

MORT SCHORR, the hustling guard from Brooklyn, will start at one of the guard positions in the two week-end cage games.

"Tis the taste that tells the tale"

LEE JENSEN, a 6'4" spider-like forward, seems to be enjoying the best season of his career. Lanky Lee tallied 21 points against Fresno State Saturday night.

lent season at the post position, will oppose Duggan of the Gaters and Bill Hull of Utah State at center during the week-end contests. Elmer Craig and Mort Schorr will open at the guard spots but will alternate with Jack Alvina.

Aside from Duggan, Farmer will start Johnny Walsh, 5'9", and Glydon Mayfield, 5'11", at forwards, and Al Desin, 6'3", and Al Athanosopoulos, 6'1" at the guard positions. Walsh and Mayfield are small but are dead-eyes in the set shot department. Desin is a good rebounder and has been aiding Duggan in filling the scoring columns this season. Athanosopoulos, whom sportswriters and radio announcers refer to as Al Athans, is the Gater playmaker and is a fine all-around floorman.

Paced by 6'2" Bert Cook, a Helms Foundation All-American last season, the Utah State Aggies will unleash a fast breaking offensive attack against the Spartans tomorrow night. The Utes have compiled a three win, three loss record this season. In their last outing, Coach Cecil Baker's Rocky Mountain gang defeated COP 65-35 in Stockton on Wednesday. Cook led the Aggies by netting 20 points.

## Sidelines

by  
ROY HURLBERT

Tiny Hartranft and Bob Bronzan were all ears and eyes early this week when they attended a pair of meetings of the annual mid-winter confab of the Pacific Coast Conference, which ended yesterday.

SJS is looking for football opponents next fall and the field was fertile at the Carmel conclave. All the faculty and athletic big shots from the PCC teams were within speaking distance and the Spartan representatives did their best.

Hartranft and Bronzan left the seaside sessions with the opinion that the bigger PCC teams were giving their independent brothers a cold shoulder regarding possible open grid dates.

SJS is dickering for dates with several PCC members in addition to the University of Idaho. The fact Stanford has but one "open" date left to fill could be the omen of another vacancy in the Spartan schedule. As it is with the other independents, we are having a heck of a time trying to fill out a reasonable schedule.

The '52 slate will include games with Fresno State, USF, COP, Santa Clara and Loyola. These are definite old standbys. But after these five who else will book us?

Spartan sports spectators won't have to haul out hearing aids any longer when they watch basketball and boxing matches because something new has been added over in Tiny Hartranft's athletic emporium.

A new, booming public address system was installed yesterday in the Men's gym. From now on, microphone announcements of all proceedings will be heard with plenty of volume to spare. No matter how much noise is generated hereafter, the sound will get through to one and all. In last week's riotous novice and junior boxing tournament, announcements from the ring hardly were audible. No more, however!

Hartranft got the idea rolling and got some swift action from Dick Lewis of the Audio Visual Aids department, who made several acoustic tests in the gym. Byron Bollinger, college superintendent of buildings and grounds, and electrician Dick Jensen completed the installation. The new PA system has a high fidelity amplifier and is to be used exclusively in the gym.

## Mark Setlow Paces Spartababe Water Poloists in Tallies

Mark Setlow, a freshman from Alameda, paced Charley Walker's Spartababe water polo team during the past season as he tallied 22 points in ten games, according to the official water polo statistics released yesterday afternoon.

Setlow scored six points against Burlingame high school and averaged close to two points a contest in the nine other frays.

Also hitting a double figure mark for the season were Barry Schuttler, who popped in 16 goals, and Jay Flood, who netted 13 points.

Other Spartababe scorers were Bob Gorman, 5; Don Sweeney, 4; Gene Broderick, 3; Don Hibner, Norton Thornton, Bill Short, Don Cudney and Sam Yates, 2; and Noel Knight and Brooke Vincent, 1.

## SJS-Cal Split Meet

San Jose State's junior varsity wrestling squad scored an 18-10 victory over the University of California JV's, while the Spartan varsity dropped a 19 to 15 verdict to the Bear seniors last night at Berkeley.

## PKA Wins Crown

Pi Kappa Alpha defeated Delta Sigma Gamma, 13 to 0, yesterday to win the Inter-fraternity football league championship. The win over DSG was their eleventh straight against no losses.

Next on the schedule is the SJS Intramural playoff between Delta Upsilon and Pi KA.

Friday, Dec. 14, 1951

SPARTAN DAILY 11

## Most Popular Player Prize to Be Awarded

Bob Sykes, winner of the Most Popular Spartan player contest, will be presented with a gold watch tonight at halftime of the San Jose State-San Francisco State basketball game. William

Manzini, representing Kay Jewelers, will make the presentation.

Fullback Sykes compiled the most votes from Spartan students in the month-long contest held on campus.

Mr. Manzini was the originator of the idea, believing that this may be a way to obtain closer relations with the campus and local businessmen. Because of the large response on the part of the students in casting their votes, he believes and hopes that the idea can be carried over to other sports.

## No Ducats Needed

Students with ASE cards will be admitted free to the two basketball games this week-end and will enter through the San Carlos street door.

# Ad Staff Doesn't Receive Publicity But Turns in Record Performance

By JERRY BELCHER

They get no bylines, break no "big-stories" and write no editorials, but without them no newspaper, the Spartan Daily included, could exist. The mysterious persons referred to are the members of the newspaper advertising staffs in general, and the Spartan Daily advertising staff in particular.

The 21 students who compose the ad staff provide approximately three-fourths of the funds necessary to publish the Spartan Daily.

This quarter's staff especially has been efficient in its task. Already it has broken all previous records for revenue and space sales. By yesterday ad staffers had sold 9,150 inches of space to local advertisers, 298 inches more than were sold last all quarter.

With three issues yet to be published, Business Manager Tom Ellis said, "There is a good possibility of selling 10,000 inches of advertising before the end of the quarter." Such a sale would add more than \$9,000 to the funds of the Spartan Daily.

The staff broke another record in selling 100 13-week contracts. More than 2500 inches of national advertising also were sold. National advertising is supervised by Jim Taylor and is contracted through

the National Advertising Service. Al Hooning, senior advertising major, is the top individual

TOM ELLIS  
... Ad Staff Sets Record

salesman this quarter. In his second quarter on the ad staff, Hooning has sold 1125 inches of local advertising.

Outstanding first quarter ad

staffer is Sig Ross, a merchandising major, who has sold 625 inches. George Pizante, who handled the "Most Popular Football Player" promotion, is runnerup among third quarter staff members, having sold 950 inches of space. Specializing in small ads, Jim Lyang has sold 700 inches. Lyang is a senior serving his second quarter on staff. Bob Melbye, a junior advertising major, has sold 375 inches.

The used-car page, a weekly advertising feature, was developed by Jack Osborn with the help of Ed Walthers. Osborn sold a dozen 13-week contracts, top individual record this quarter. Walthers now is working part-time on the San Jose Mercury-News ad staff.

Ellis had high praise for first quarter staff members Bill Pettet, Jim Porter, Audrey Powers, Tucker Simpson, Ed Walthers, Gladys Hansen, Frances Flagg, George Coakley, Gelso Gauleo and Carl Silvers.

Experienced staff members who also did outstanding work this quarter are Wilma Loomis, office manager Taylor Chambers, service specialist; and Marguerite Crawford, who handled the Hart's account. Miss Crawford now is a member of Hart's advertising staff.

The Spartan Daily advertising staff is open not only to majors in this field but also to merchandising majors and all other students who are interested in gaining selling experience and contacting retailers. Three units of credit per quarter are offered for the course, Journalism 116.

## Industrial Arts Classes Print Books Concerning Graphic Arts' Techniques

Two classes in beginning printing, Industrial Arts 80, have completed publishing booklets which deal with the techniques of graphic arts in relation to paper and type metal, according to Daniel C. Lopez, instructor in industrial arts. "Progress by the Ream" is the title of the project in the 7:30 class and "Tin, Lead and Anti-

mony" is the name of the project in the 9:30 section. Both came off the press last Friday.

The group projects were accomplished in the college printing laboratory, Mr. Lopez said. They represent the integration of industrial arts with other subject matter in the achievement of a more comprehensive scheme of general education.
